

Case Allegro – International success story

Maisa Romanainen
Senior Vice President
Passenger Services
VR Group

Close cooperation – our key success factor

- Allegro is operated in close cooperation together by VR and RZD
- Joint venture Karelian Trains Ltd was founded in 2006 and the commercial traffic between Helsinki and Saint-Petersburg started 2010
- KT is a rolling stock company – not operator, and is responsible for finance, maintenance and administrative issues
- 4 train fleet (Sm6 Pendolino)
- Less than 3,5 hours between city centres - great, innovational and successful concept
- Prices from 29€ (2nd class) and 59€ (1st class)
